Manicures and pedicures

Our luxurious manicures and pedicures use leading cosmetic brands to nourish and strengthen your nails. Each nail is analysed for type and cuticles are gently cared for with oils and creams. The nail shape is perfected before wax treatment or polish is selected. We recommend that clients taking a paraffin wax treatment do not finish with polish as we feel the oils used are better absorbed if left uncoated.

File and polish

This treatment for either hands and feet, shapes and finishes the nails and ends with our vinylux polish.

File & polish

(20 mins) £15

Deluxe manicure or pedicure

Ultimate manicure or pedicure treatment

Sheer indulgence in this holistic treatment as your feet or hands are gently exfoliated while your nails and cuticles are cared for with creams and oils. The hands & arms or feet & legs are then massaged with hot stones and individually selected aromatherapy oils before a warm paraffin wax envelopment completes the treatment.
